

Equal opportunity: Survey of nominees

The Higher Education Academy is committed to implementing an Equal Opportunities Policy and wishes to gather monitoring data. The answers you provide will be treated in the strictest confidence and will only be used for statistical monitoring. The information does not require you to identify yourself and will not be individually linked to your NTFS nomination. It is important to us to be sure we are reaching all communities and constituencies within the diverse Higher and Further Education sector. By collecting and analysing this information we will be better placed to answer a variety of statistical questions, and continually improve the National Teaching Fellowship Scheme.
